

**Case # 2500147496**  
Ref # XXXX-XXXX-XXXX

Combined Paternity Index	Probability of Paternity
<b>0</b>	<b>0%</b>

**Statement of Results:**

Report ID: 110834 | Test ID: 2500147497

The alleged father is excluded as the biological father of the tested child. This result is based upon the analysis of non-matching alleles between the alleged father and child using PCR DNA loci generated for the samples submitted.  
Non-matching alleles at the following loci: vWA, D16S539, CSF1PO, D8S1179, D21S11, D18S51, D19S433, FGA, D22S1045, D5S818, D13S317, D7S820, SE33, D10S1248, D1S1656, D2S1338.

This result indicates that the alleged father is NOT the biological father of the child.

Role	Name	Sample ID	Sample Type
Child (C)	CHILD TEST	S-25182-065231	Buccal
Alleged Father (AF)	FATHER TEST	S-25182-065232	Buccal

This test is for personal knowledge only. The samples were not collected under a strict chain of custody by a neutral third party and the Laboratory cannot verify the origin of the samples. This test result is not intended for the legal establishment of paternity or other legally related actions. The tested parties' names that may appear on this report have been provided by the client and cannot be verified. The laboratory assumes no responsibility for incorrect or misspelled information.

Based on the samples received from the tested parties whose identities cannot be independently verified, I, the Laboratory Director listed below, declare the genetic data is correct as reported on 04-Dec-2025.

Debra Davis, Ph.D., Laboratory Director
